

AC Brigade

One of Proven Seed’s highest yielding, highest test weights and highest FHB resistance varieties making AC Brigade the best agronomic choice for western Canadian durum growers. A preferred variety, AC Brigade was grown on 13% of durum acres in 2018* and offers reduced cadmium, strong gluten and excellent pigmentation traits.

HIGHLIGHTS

- Highest yielding
- Expresses lower FHB symptoms compared to other cultivars in the class**
- High quality; heavy sample weight
- Suited for all durum growing regions in Western Canada

YIELD	109% of Strongfield
DISEASE PACKAGE	Resistant to stem and leaf rust, moderately resistant to stripe rust
LODGING	2.4 (Good)
MATURITY	2 days later than Strongfield
HEIGHT	92 cm; taller than Strongfield
