

# CDC Fortitude

A exciting durum variety that performs in every category. If you're looking for a consistent yielding, high protein, strong strawed CWAD, this could be the answer. Intermediate for leaf spot and loose smut, this variety stands with the rest as MS for FHB.

## HIGHLIGHTS

- Excellent combination of both yield and protein with a high test weight
- Resistant to Moderately Resistant for all rusts
- Stronger strawed with a good lodging rating

<b>YIELD</b>	103% of Strongfield
<b>DISEASE PACKAGE</b>	MR to R rating for rust, R to bunt
<b>LODGING</b>	3.2 (Good), comparable to Strongfield
<b>MATURITY</b>	1.0 day later than Strongfield
<b>HEIGHT</b>	84 cm; comparable to Strongfield
