

NEW

Claymore

Continuing the Proven® Seed tradition of high yielding feed barleys, Claymore is expected to become the standard to beat. Ranked number one for yield in Proven Performance Trials, this two row rough awned barley has a class leading disease package for smut and stem rust. Superior straw strength makes Claymore an excellent fit for producers wanting either a high yielding feed or silage barley.

HIGHLIGHTS

- Highest yielding feed barley
- Intermediate resistance to fusarium head blight (FHB)
- Excellent standability
- High test weight

YIELD	119% of AC Metcalfe
DISEASE PACKAGE	R for various smuts, MR for stem rust, I for fusarium head blight
LODGING*	3.3 (Very Good), better than Metcalfe
MATURITY	1.6 days later than AC Metcalfe
HEIGHT	80.5 cm; comparable to AC Metcalfe
