

PV 60075RR

PV 60075 RR is a high-yielding Roundup Ready® Corn 2 hybrid that brings the strength and expertise of Proven® Seed to the western Canadian corn grower. Perfect for the grower needing early maturity grain plus fast dry down, PV 60075 RR pushes through tough spring conditions to deliver top grain quality. With a strong agronomic package, this new corn hybrid boasts strong roots and stalks to ensure harvestable grain and corn success in Western Canada.

Also available with RIB protection.

HIGHLIGHTS

- Consistent performance across Western Canada
- Great early grain or nothern silage option
- Excellent spring vigour, strong roots and stalks
- Very good disease protection

USAGE	Silage, Grain, Grazing
ROOT STRENGTH	Excellent
STALK STRENGTH	Good
DROUGHT TOLERANCE	Very good
TEST WEIGHT	Excellent
SEEDLING VIGOUR	Good
RELATIVE MATURITY	74 (2125 heat units)
HEIGHT	Medium

FEATURES

- Great option for any soil zone
- High test weight
