

PV62485 RIB

PV 62485 RIB brings strong defensive protection to the full season silage market in Western Canada. This hybrid has very solid agronomics, including great seedling vigour, very good stay green, stalk and root strength and high silage quality. This enables PV 62485 RIB to fill silage bunks quickly and with high quality silage.

HIGHLIGHTS

- Strong yield performance overall.
- Good ear flex allows for planting at lower densities.
- Strong agronomics include very good stalks, roots with decent staygreen and harvest appearance.
